

FOR INDUSTRY PROFESSIONALS

SUPPORT WEBBING

SUPPORT

Use Trade Pro Webbing to hang and support flexible duct on a beam or floor joist.

EXTRA STRENGTH

Support webbing is made from woven polypropylene for extra strength. Webbing supports an average tensile strength of 440 lbs.

EASY TO USE

Webbing allows you to position duct work exactly where you want it. It's easy to cut to length and secure in place. Simply string ducts through the webbing after attaching it to a support beam with nails or staples.

Trade Pro Support Webbing

DESCRIPTION: Trade Pro duct support webbing is used to hang and support flexible duct on a beam or floor joist.

CONSTRUCTION: Premium-quality polypropylene

TESTS: Duct support webbing has been tested and listed to UL 2043. This category covers products installed in air-handling spaces (plenums) as defined in Article 300 of ANSI/NFPA 70, "National Electrical Code" (NEC), Chapter 4 of ANSI/NAFPA 90A, "Installation of Air-Conditioning and Ventilating Systems," Section 602 of the "Uniform Mechanical Code." Heat- and smoke-release characteristics of these products are determined in accordance with ANSI/US 2043, "Fire Test for Heat and Visible Smoke Release for Discrete Products and Their Accessories installed in Air-Handling Spaces."

The test provides data with regard to peak rate of heat release, maximum peak normalized optical density, and maximum average normalized optical density during fire exposure of the certified materials.

Products complying with ANSI/US 2043 have demonstrated the following characteristics.

1. A peak rate of heat release of 100 kW or less
2. A peak normalized optical density of 0.50 or less
3. An average normalized optical density of 0.15 or less

FLAME SPREAD: Less than 25

SMOKE DEVELOPMENT: Less than 50

AVERAGE TENSILE STRENGTH: 440 lbs.

TOTAL LENGTH: 300ft ±5 [91.44m ± 1.52]

TOTAL WIDTH: 1-3/4"

Why Sell TradePro Support Webbing

Trade Pro Support Webbing is UL listed. It is designed for support, safety, and ease of use.

Trade Pro Support Webbing is an easy way to hang flexible duct.
