

VIVE™

COMFORT

900 SERIES

RESIDENTIAL & COMMERCIAL MODELS

TOUCH SCREEN CONTROLS

With a tablet-style design and intuitive functionality, Vive™ products respond to every phase of life with corresponding comfort and style. Our cutting edge temperature management is wireless capable, easy to program and user-friendly, and it communicates with almost any HVAC system. Advanced technology and the large, blue LED display offer timeless appeal with contemporary flair. Experience the exclusive controls that bring maximum performance, efficiency and comfort into the home or commercial setting.

IMPROVED COMFORT ON ANY BUDGET

Vive™ offers an easy and affordable solution to enhance comfort by controlling home and office temperatures remotely. By adding up to four remote sensors to the wireless thermostat, temperatures can be set one room at a time or by averaging each space. Plus, installation is simple and very cost effective, saving time and money.
